## OPO All Hands

July 2011

## OPO IS DOING GOOD WORK!

- **Institute Visiting Committee Report - 2011**

The HST mission remains the flagship project for the Institute...

The outstanding performances of the Institute education and outreach program are recognized worldwide.

- **JWST Program Evaluation Committee Report - 2011**

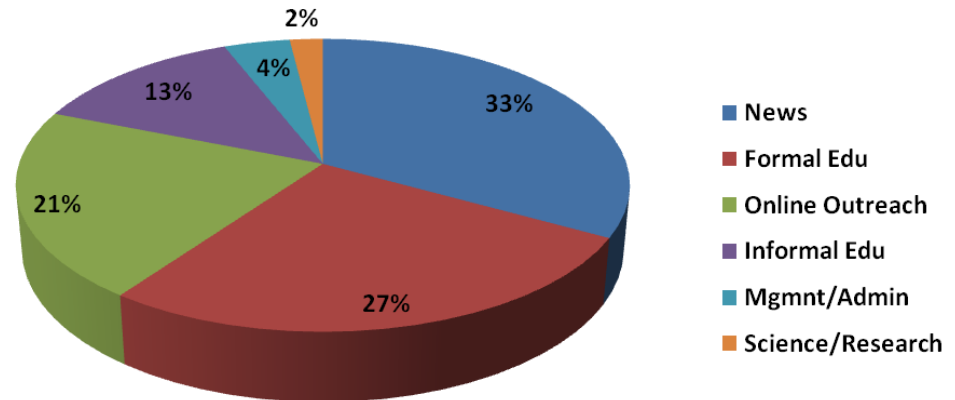

The PEC rated AURA's overall Science Program Implementation performance with a score of 97 or "Excellent." Support for Science Working Group, Astronomical Community Outreach, and Public Outreach were all excellent.

AURA also increased JWST public visibility through updates to the public website which included four new "Behind the Webb" videos. AURA's support of the American Astronomical Society has also been excellent, both for the JWST exhibit at the January 9-13, 2011 meeting and in planning for the meeting to be held in May 2011.

# Labor FY2012

## HUBBLE OUTREACH (24.65 FTE)

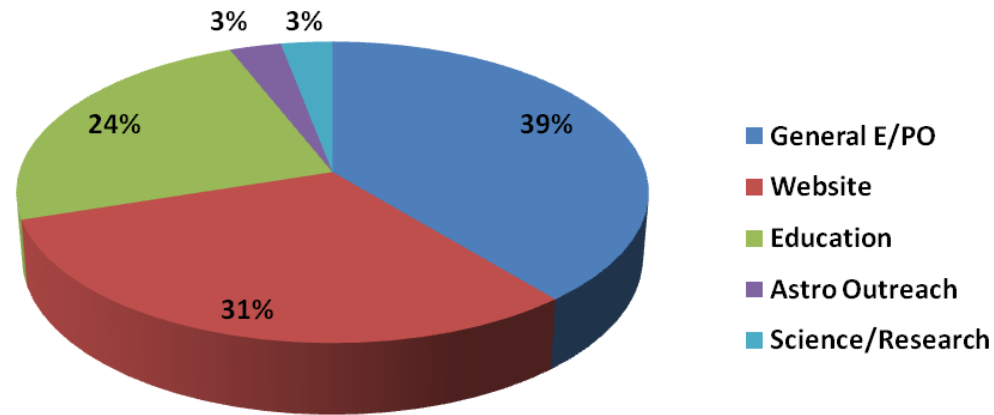

- **News & Public Information (33%)**
  - News Dissemination
  - News Media Support
- **Formal Education (27%)**
  - Curriculum Support Tool Development
  - Formal Education Community Support
  - Evaluation
  - E/PO Grants Administration
- **Online Outreach (21%)**
  - Hubble Information Source (HubbleSite)
  - Experts Direct (direct communication with the public)
- **Informal Science Education (13%)**
  - ViewSpace
  - Source Materials for Museums
  - Special Events & Services
- **OPO Special Projects & Management Initiatives (4%)**
  - OPO Management and Admin Support
  - Workshops and Conferences (AAS exhibits)

# Labor FY2012

## JWST OUTREACH (3.75 FTE)

- **General E/PO (39%)**
  - Behind the Web Videos
  - Brochures, Exhibits, etc.
- **Website (31%)**
  - WebbTelescope.org
  - Mobile Device Development
- **Education (24%)**
  - STEM Initiatives
  - Professional Development
- **Astronomical Community Outreach (3%)**
  - Conference Support (AAS, DPS, etc.)
  - Scientific Document Support
- **Science/Research (3%)**
  - OPO Tenured Scientists

# Labor FY2012

## **OTHER OPO PROJECTS (7.13 FTE)**

- **SEPOF: 3.91 FTE**
  - Astrophysics E/PO Forum
- **EOS ViewSpace: 2.12 FTE**
  - Earth version of ViewSpace
- **VAO: 1.1 FTE**
  - Virtual Astronomical Observatory

***TOTAL ~36 FTEs***

## **NEW STAFF**

- **Brandon Lawton**
    - SEPOF & VAO
  - **Jessica Harris**
    - VAO & HST Education
- 

## **STAFF ANNIVERSARIES**

**(over the past 3 years!)**

### **10 years**

- **Elena Martin** (2 yrs ago)
- **Dan McCallister** (2 yrs ago)
- **Christine Godfrey** (this year)
- **Frank Summers** (this year)

### **15 years**

- **Donna Weaver** (this year)
